VOL. LXXVIII—NO. 31. WILMINGTON, N. C., FRIDAY, APRIL 27, 1906. WHOLE NUMBER 12007.

OUTLINES.

Affairs at San Francisco are improvnig and the people are being systematically fed; it is quite a problem how to dispose of the immense relief fund being received; a ship yesterday arrived from Seattle with provisions and reports that she was almost engulfed by a subterranean explosion at sea; three banks have opened in San Francisco——An Oakland dispatch says 330,000 people's houses were burned in San Francisco and 130,000 had homes saved——At New Orleans yesterday the Confederate Veterans' reunion decided to meet in Richmond next year when the Jeff Davis monument will be unveiled; among the new things decided by the veterans was to hold memorial service each year for the Confederate dead and to urge the several Southern States to pension faithful slaves who followed their masters to war——In the Senate yesterday Spooner spoke three hours on the railway rate bill, opposing interference with the jurisdiction of the inferior Federal courts——The House engaged in a lively debate which will furnish thunder for the campaign this Fall, the issues being protection and tariff revision; Hepburn was the protection champion and Williams and other Democrats annoyed him——At Bristol, Tenn., Mrs. Ramsey is in jail on the charge of almost severing Mrs. Glover's head with an axe——A Mexican government gunboat seized a United States fishing craft on the Gulf coast yesterday; investigation from Washington will result——In a railroad collision near Columbia yesterday, Mrs. Joseph T. Baynes, of Troy N. Y., got her arm broken——The American Cotton Spinners' Association will meet in Asheville May 16 and 17, when Senator Lodge and other distinguished men will deliver addresses ——New York markets: Money on call steady; highest 5 per cent, lowest 3 1-2 ruling rate 4 1-2; closing bid 3; offered at 4; spot cotton 10 points higher, closing quiet at 11.75; flour dull but inal elevator; corn steady, No. 2 57 nominal elevator; oats steady; mixed, 37 to 37 1-2; turpentine and rosin firm.

Speaker Cannon was practically placing himself in the way of President Roosevelt's muck rake when he honored Congressman Blackburn after it had been announced that the President is anti-Blackburn.

Recently a crazy woman went to the White House, demanded rent for establishment and wanted "that Roose velt person to vacate at once," as she no longer wanted him as a tenant. No doubt the President looks on everybody as crazy who would like to see him vacate, rent or no rent.

Dr. J. Kornblum, a Pittsburg occulist, has just made his customary examination of former President Cleveland's eyes. He says Mr. Cleveland is the picture of health and his eyes are in the best of condition. We very naturally reach the conclusion that the former President is still able to see twenty years ahead of his party.

The Southern Wholesale Grocers' Association recently held its annual meeting in Jacksonville, Fla., and the reports show that it is in a flourishing condition. The Association expects to be sent 100 delegates to the annual meeting of the National Wholesale Grocers' Association which meets in Buffalo June 5th, 6th and 7th.

The Norfolk Virginian-Pilot is to be congratulated upon the acquisition of Ex-Governor W. E. Cameron to its staff. He is a newspaper man of experience, a gentleman of fine culture and splendid attainments, and our recollection of him some years back was that he was one of the most rescurceful, elegant and vigorous writers on the Virginia press.

The Metropolitan Opera Company which was playing in San Francisco on the night of the earthquake, Wednesday of last week, passed through Charlotte last Wednesday night. It is astonishing to think how rapidly we can now cross the American continent. The company did not get away from Frisco till two days after the catastrophe, so that it was less than a week in coming from the shaky country to the finest portion of the globe.

What was it Marion Butler said re- t Republican leadership in the South? Oh, yes. Why, Butler was to have been one of the speakers at a convention of the Republican Clubs of the District of Columbia one night last week in Washington but he was indisposed and couldn't attend. In a letter he rendered his excuse and among other things said: "We have in many Southern States been cursed with false and incompetent leadership." That's what Julge Bynum lowed.

CALL WARD MEETING

Early Connty Convention Called By Democratic Committee For Naming Delegates

OFFICIAL NOTICE IS ISSUED

Date Tuesday May 8th. With Convention Week Later at Court House at Noon—The Representation of New Hanover.

Delegates from New Hanover to the State, Congressional, Judicial and Senatorial conventions, will be named at an earlier county convention than that called regularly for the nomination of county and Legislative officers. An official call for the earlier convention was issued yesterday by Chairman J. H. Burriss, of the New Hanover Democratic Executive Committee. Ward meetings or primaries are called to be held in each ward, precinct or township on Tuesday, May 8th, under such rules, regulations and hours as the various precinct chairmen may prescribe and at these meetings delegates will be named to a county convention to be held at noon the following Tuesday, May 15th., at the Court House. At this convention delegates will be named to the State Convention at Greensboro July 3rd. The dates and places for the other conventions have not yet been designated.

In the various ward meetings for selecting delegates to the earlier county convention each ward and township will be entitled to a representation equal to one delegate for each twenty-five votes or fraction thereof over one-half of twenty-five cast for Governor in the last election. Under this rule the following will be the representation:

First Ward	7
Second Ward	9
Third Ward	11
Fourth Ward	10
Fifth Ward	9
Cape Fear Township	1
Federal Point Township	1
Masonboro Township	1
Harnett Township	2
Total	51

The representation may seem unequal according to the actual number of voters in the wards and precincts but according to the Democratic plan or organization all convention representation is based upon the vote for Governor in the preceding election and if the full strength was not brought out on general election day last time the wards and townships suffer in consequence thereof. This point was made by Chairman George L. Peschau at the last general election in order to bring out a full vote so that the county would have a good representation in the State and other conventions. The appeal, however, seems to have had little effect as only 1,284 votes were cast in the entire county for Governor, giving the county a representation of only nine in the State convention, based upon one delegate for every 150 votes. The vote in the Congressional Convention is based upon one delegate for every 50 votes for Governor and will give New Hanover a representation of 26 delegates in that body.

The official call of Chairman Burriss for the county convention for the naming of delegates will be found in another column. The various ward and township committeemen will later issue calls in their respective divisions for the meeting of voters. The regular primary for the nomination of county officers will take place on Sept. 19th. Quite a contest is expected to develop in the earlier convention as to the proportion of the vote of the county each candidate for Congress will receive from New Hanover.

Funeral of Mr. Moore.

The funeral of the late William A. Moore, the Confederate veteran who died suddenly on the steamer Whitlock Tuesday of this week, was conducted at 11 o'clock yesterday morning, the order for the burial of the dead having been read by the Rev. James Carmichael, D. D., rector of St. John's parish. The pall-bearers were: Capt. F. W. Ortmann, Capt. R. W. Price, Capt. G. W. Huggins and Messrs. J. A. Montgomery, R. V. Leonard and Capt. A. D. Brown.

NEW ADVERTISEMENTS.

COMING OF MERRY CARNIVAL

Representative of Pierce Amusement Company Here Promoting Publicity of the Enterprise.

Mr. Edney Ridge, advertising manager for the Pierce Amusement Company which will furnish the attractions for the Jr. O. U. A. M. gala week and big street fair in this city the week of May 7th, arrived yesterday and at once began a campaign of publicity for the enterprise he represents. Efforts will be made to get the railroads to offer reduced rates for the occasion and many out-of-town people are expected for the gala week.

The Pierce Amusement Company is giving fine satisfaction in Kinston this week and will be in Newbern next week, coming from there to Wilmington and remaining for six days. Of the attraction in Kinston, the Free Press of that city, says:

"The various attractions were liberally patronized and the universal criticism is that the shows are by far the cleanest and best that have ever been here with a carnival. Mr. Pierce does not boast of the number of attractions in his company, but lays a just claim to having good, clean and instructive shows, and will have no other. In this he has certainly kept perfect faith with the people and attractions can, one and all, be recommended to everybody, ladies and children as well as men and boys.

"A thing that strikes one very forcibly is the new and handsome outfit at each of the shows. They are all equipped expensively and look well."

The carnival carries a military band under the leadership of Prof. McQuarrie and the free acts are Prof. Rose, "the Dare Devil," in his slide for life in a sheet of flame and the marvellous Connors & Connors. Some of the shows are "Creation," introducing vaudeville, electrical effects and the radium dance; "Trilby," the flying lady; "In the Hall of Fame," introducing Galatea; "The Liberty Theatre," presenting an electric show, the "Ferris Wheel," "Ocean Waves," and an abundance of privilege booths.

THE POLICE YESTERDAY.

Only One Case in Court—Bad Negro Arrested.

There was only one lonesome offender in the police court yesterday. He was one R. S. Wilson, from the country, charged with being drunk, down and "busted," at Eleventh and Chesnut streets Wednesday night. He couldn't pay anything, pleaded with the Mayor that he was a stranger in hard lines and asked to be allowed to go home and be quiet. The request was granted and Wilson went.

Early yesterday afternoon Special Policeman E. J. Littleton brought in John Johnson, a negro from Kidder's Hill. Littleton said the negro was drunk, trying to fight and had drawn a pistol on a third party on the "Hill" Wednesday night; that when he went after him, Johnson ran, was subsequently caught, but broke loose again and was not re-captured until yesterday. The negro denied all these counts, but the charges of disorderly conduct, carrying a concealed weapon and resisting arrest were preferred against him anyway and he will have to tell his story over again to the Mayor in the municipal court to-day at noon.

WILMINGTON PRESBYTERY.

Adjourned Meeting at First Church, This City, Last Night.

An adjourned meeting of Wilmington Presbytery was held in the First church, this city, last night to receive the reply from the churches within the bounds of Presbytery, to the request of Rev. T. D. Johnston, pastor of the Burgaw group of churches, to be dismissed to the Presbytery of Charleston. The replies were favorable and Rev. Mr. Johnson was dismissed with regret.

Rev. J. S. Crowley presided at the meeting and the only other business was the announcement of the death of Rev. James Kelly at Clarkton last week and the appointment of a committee to prepare a suitable memorial. Very few of the congregations outside of Wilmington were represented at the adjourned session.

Baseball This Afternoon.

The High School and a picked team from the City League will try conclusions at baseball on the Hilton Park diamond this afternoon beginning promptly at 3:30 o'clock. Brinkley and Seifert will do the honors for the picked team and Alderman and Jewell will be on the firing line for the High School. A good game is assured. Admission is free and the public is invited.

Outdoor Recreation

Is necessary to everyone especially during the first hot days in the Spring. There is no better place for an outing than the Beach where one can enjoy the cool ocean breezes. **

BERRY MOVEMENT

Thirty-Eight Solid Refrigerator Cars Exclusive of Express Shipments Yesterday

NO INJURY BY THE WEATHER

Only Effect Was to Retard Ripening, A Condition Desired—Review of the Outlook by Carolina Truck Growers' Journal.

Strawberry shipments yesterday went to the high water mark of the new shipping season, having consisted of 38 solid refrigerator cars exclusive of several thousand crates by express. The distribution yesterday was 15 cars to New York, 10 to Philadelphia, seven to Newark, N. J., two to Buffalo and one each to Washington, Worcester, Springfield and Atlantic City. There is no doubt but that the cold weather in the earlier part of the week considerably retarded the ripening of the fruit, but in a few days the daily shipments are expected to go beyond 150 cars. Thus far no complaint has been heard of the insufficiency of iced cars or the inability of the transportation people to promptly move the crop. Prices, however, are not so good as the growers expected.

The Carolina Fruit and Truck Growers' Journal in its issue of this week says:

"The temperature of the weather went down pretty low on Monday night and Tuesday last throughout the trucking belt of North and South Carolina as well as Virginia. At one time it was feared that the damage would be quite heavy to the growing crops, but a careful survey of the situation shows that after all it was very light. Peas, beans, cucumbers, cantaloupes and melons suffered about the extent of the loss, potatoes being nipped in some places, strawberries escaping without practically any damage whatsoever. The strawberry foliage was so heavy that the blooms were protected, even though they were left uncovered, and consequently sustained no damage to speak of."

This opinion of the Journal is based upon special reports to it from Chadbourn, Rocky Point, Wallace, Mount Olive, Goldsboro, Newbern, Fayetteville, N. C., Lake City and Charleston, S. C., Norfolk, Winchester, Green Bay and Petersburg, Va., and many other points in the trucking belt. From Chadbourn comes the report that the outlook was never brighter for strawberries at that place and practically all shipments thus far have been from there. At Wallace the strawberry outlook is reported "exceedingly flattering." Concluding an editorial the Truckers' Journal says:

"During the present week carload shipments are expected to reach anywhere from 100 to 125, and possibly 150 per day. The following week may reach as high as 175 or even 200 car loads a day, as the daily shipments will then have reached high water mark all over the district. The weather is ideal, being such as to ripen the berries at only a moderate rate, neither too cold or too hot."

FUNERAL OF MR. LORD.

Services from St. James' This Afternoon—Remains to Louisville.

The funeral of the late James C. Lord will be conducted from St. James' Episcopal church this afternoon at 5:45 o'clock and the remains will be taken on the evening train to the former home of the deceased in Louisville, Ky. A brother and other relatives are expected on the noon Seaboard train to-day. The remains were taken from the hospital to the rooms of Funeral Director Woolvin, on Third street, yesterday morning and embalmed for shipment. Yesterday afternoon the Brotherhood of Saint James escorted all that was mortal of their late member to the parish church, and the services will be held there this evening.

Mr. Lord was a member of the Fraternal Order of Eagles and the aerie in this city has been very kind to the bereaved ones in the hour of their distress. A committee from the aerie will accompany the remains from the church to the depot this evening.

Dr. Sledd's Lecture To-Night.

The tickets for Dr. Benjamin Sledd's lecture on Browning at the High School at 8:30 o'clock to-night are on sale at Yates' book store. Tickets will be sold at the door also. The admission is 25 cents. Dr. Sledd comes under the auspices of the Sorosis and a treat is in store for those who hear him.

The Juniors Entertained.

The juniors of the Y. M. C. A. were delightfully entertained last night in the building on Front street. The programme has previously been published and it was carried out to the infinite pleasure of the young people present.

WERE WEDDED LAST NIGHT

Miss Ella K. Herring the Bride of Mr. Benjamin Newkirk, of Wallace—A Reception Followed.

The marriage of Miss Ella K. Herring, a daughter of the late Thos. J. Herring, of Kerr, N. C., and Mr. Benjamin Newkirk, of Wallace, was solemnized last night at 8 o'clock at the home of the bride's sister, Miss Anna Herring, No. 115 North Fourth street, a large assemblage of friends and relatives having been present to witness the pretty ceremony as performed by the bride's pastor, Rev. A. D. McClure, D. D., of Saint Andrew's Presbyterian church. The parlors of the home were very attractively decorated with plants and flowers and the scene was a very pretty one indeed.

The bride was attended as maid of honor by her sister, Miss Fannie Herring, and the groom as best man, by his relative, Mr. Thad. Newkirk. The wedding marches were rendered by Miss Britt, and the other attendants entered in the following order: Miss Jennie Newkirk and Mr. Forrest Hall; Miss Rosa Herring, sister of the bride, and Mr. Joseph Anderson; Miss Denie Moore and Mr. Edgar Herring, a brother of the bride. The words that made the young people man and wife were impressively spoken by Dr. McClure, and when the ceremony was over, a sumptuous wedding supper was served and a reception given in honor of the bride and groom at which they received the happiest congratulations of many friends. A number of very handsome wedding presents were received. Mr. and Mrs. Newkirk are guests at The Orton but will leave this morning for their future home at Wallace where both are well known and have a host of friends.

The bride last night for the wedding wore white silk, while the maid of honor and bridesmaids were becomingly attired in white chiffon. Bride's roses were the bouquets and the effect was very pleasing indeed.

THE APARTMENT HOUSE.

Charleston Paper Submits Some Remarks Editorially Upon Subject.

Under the head "Good for Wilmington," the Charleston News and Courier says editorially:

"In Wilmington, N. C., the Carolina Apartment Company has begun the construction of a six-story apartment house, which will cost $75,000, and will be equipped with all the conveniences which help to make life worth living for bachelors and small families, whose circumstances do not permit them to set up independent establishments with spacious green lawns, strawberry beds and watermelon patches appurtenant. The building will be the largest and most up-to-date of its kind South of Richmond and North of Atlanta,' says a Wilmington newspaper.

"This house will prove a good thing for Wilmington. It will 'fill a long-felt want,' and those who have long felt the want will fill it. Many an ambitious young man seeking a home finds himself walled out of the city to his first choice, because it is without those convenient nesting places adapted to moderate means and provided with the material comforts of a 'town house' demanded by his wife. He can afford the $40 monthly rental for a six-room cottage, perhaps, but cannot maintain in respectable style the fences and the flower garden.

The cottage entails expenses on the lessee that the flat does not, unless the tenant is willing to endure a broken-down, unsightly relic of better and ancient times. The flat is 50 per cent. cheaper than the dwelling at the same price.

There are other towns south of Wilmington and southeast of Atlanta, whose need for just such structures is crying.

REAL ESTATE TRANSFERS.

Transactions Which Appear from Deeds for Record Yesterday.

Louise Potter Penny and her son James Bernard Williamson to Dallas Chesnutt, for $100 and other considerations, property on west side of MacRae street, 165 feet south of Red Cross street, 33x140 feet in size.

T. R. Mask and wife and J. E. Taylor and wife to Bettie Lewis, for $450, property on west side of Dawson street, 33x165 feet in size.

Edward Newton Penny and wife, Engene V. McKenzie and wife and George Robert Penny and wife and others to Dallas Chesnutt, for $10 and other considerations, property on west side of MacRae, 165 feet south of Red Cross street, 33x139 feet in size.

Water Extension Completed.

The extension of the mains of the Clarendon Water Works Company from Ninth, up Market street, to Carolina Place, was completed yesterday by Foreman James D. Mote and force of laborers. The water has been turned on the works satisfactorily. Foreman Mote is now engaged in laying service pipe or laterals for a number of Market street residents who desire water connections.

87TH. ANNIVERSARY

Odd Fellows Celebrate Auspicious Event In History of Their Order Last Night

AN ELABORATE PROGRAMME

Music, Ritualistic Exercises and Topical Talks by Representatives from Each Lodge—Large Audience Present.

A large audience of both ladies and gentlemen taxed the capacity of the handsome new Odd Fellows Hall, on Third street, last night, the occasion having been the 87th anniversary of the founding of the order in the United States. The hall was attractively decorated with smilax, palms, ferns and cut flowers and the scene of the celebration was a pretty one. The comfort and convenience of each and every guest was carefully looked after by the general committee in charge and it may be safely said that no more appropriate or more enjoyable exercises of the kind have taken place in Wilmington in a long time. The committee in charge was composed of Messrs. B. F. King, chairman; John E. Wood, secretary; D. K. LeGwin, C. D. Morrill, J. W. Fleet, L. Tate Bowden, J. H. Swinson, E. Y. Davis, T. G. Landen, J. F. Littleton, C. R. Spooner and C. F. Williams. The meeting was called to order by Chairman King, of the committee, who turned the exercises over to Col. Walker Taylor, in the chair as Noble Grand. Other officers were Past Grand, W. L. Smith; R. S. to N. G., L. W. Moore; L. S. to N. G., Jno. H. Williams; Vice Grand, B. J. Jacobs; R. S. to V. G., J. J. Craig; C. S. to V. G., O. E. Merritt; Secretary, Samuel G. Hall; Treasurer, John E. Silvia; Warden, D. W. Davis; Conductor, W. J. Meredith; Outter Guard, A. T. Parker; R. S. S., W. J. Swayles; L. S. S., J. L. Middleton; Chaplain, Rev. S. Mendelsohn, D. D. The following grand lodge officers were present: Past Grand Masters Jno. D. Bellamy and M. W. Jacobi; Grand Treasurer, Richard J. Jones; Trustee of Orphans' Home, N. Jacobi; P. C. P., L. L. Boon.

The opening of the exercises was a chorus, "Gloria" from Mozart's Twelfth Mass by a double mixed quartette composed of Mrs. Cameron F. MacRae, Miss Mattie Lee Horne, sopranos; Mrs. F. A. Muse and Mrs. Greene Fenly, altos; Mrs. R. C. Banks and Mr. Greene Fenly, tenors; Mr. James S. Williams and Mr. Alex. S. Holden, bassos. The singing was followed by an invocation to deity by Dr. Mendelsohn and the reading of the proclamation for the observance by Mr. S. G. Hall. The anniversary ceremonies according to the beautiful ritual of the order then followed, the officers as named above taking part. The "Slumber Song" by Lohr was rendered by a quartette composed of Mrs. MacRae, Mrs. Fenly, Mr. Fenly and Mr. Holden, after which there were ten-minute "Topical Talks" by a representative of each of the four lodges and Letitia Lodge No. 3, Daughters of Rebekah, with musical selections interspersed in the following order:

"Friendship" ..... Rev. A. McCullen
Cornet Solo ..... Selected
Mr. S. A. Schloss.
"Central Link in Odd Fellowship."..
..... H. O. Craig
Quartette (Male).
"'Tis Morn" ..... Geibel
Mr. Fenly, Mr. Banks, Mr. Williams, Mr. Holden.
"Why I Am an Odd Fellow" .....
....Rev. A. D. McClure
Quartette.
"Good Night, Beloved" .....Pinsuiti
Mrs. Muse, Miss Horne, Mr. Banks, Mr. Williams.
"The Attitude of the Order Toward the Liquor Question" ....Ed. N. Penny
"The Good of the Order".....
....Mrs. J. M. Lord
Chorus
"The Troubadour" ..... Watson
All the Voices.
Benediction .... Rev. S. Mendelsohn

The accompaniment for all the musical numbers was by Mrs. Mattie L. Chasten. The "Topical Talks" by the representatives from the lodges were timely, well delivered and much appreciated by all the audience, including many who were not Odd Fellows but who took a keen interest in the proceedings.

Boys' Brigade Bazaar.

A big bazaar will be given may 23rd, 24th, and 25th, for the benefit of the Boys' Brigade at its handsome armory building on Second street. Plans for the big event are already under way upon an elaborate scale and the programme will be announced shortly. Mrs. Cuthbert Martin has been named as general chairman of committees and other chairmen have been announced as follows: Ice Cream and Cake, Mrs. John Sholar; Coffee and Tea, Mrs. G. Henry Haar; Lemonade, Mrs. J. M. Solky; Candy, Mrs. L. L. Pritchard.

The Morning Star.

Founded In 1867.

WILLIAM H. BERNARD,
Owner and Editor.

WILMINGTON. N. C.

Friday Morning, April 27.

Entered as second-class matter at the postoffice at Wilmington, N. C., under the Act of Congress of March 3, 1879.

PUBLISHER'S ANNOUNCEMENT.

THE MORNING STAR, the oldest daily paper in North Carolina, is published daily except Monday, $5.00 a year, $2.50 for six months, $1.25 for three months, 50 cents for one month to mail subscribers. Delivered to city subscribers at the rate of 45 cents per month for any period from one month to one year.

ADVERTISING RATES (DAILY)—One inch, one day, $1.00; two days, $1.50; three days, $2.00; four days, $2.50; five days, $3.00; one week, $3.50; two weeks, $6.50; three weeks, $9.50; one month, $10.00; two months, $17.00; three months, $24.00; six months, $40.00; twelve months, $60.00. Twelve lines of solid Nonpariel type make one inch.

THE WEEKLY STAR is published every Friday morning at $1.00 per year, 60 cents for six months, 30 cents for three months.

All announcements of Fairs, Festivals, Balls, Hops, Picnics, Society Meetings, Political meetings, etc., will be charged regular advertising rates.

Advertisements discontinued before the time contracted for has expired, charged transient rates for time actualy published.

No advertisements inserted in Local Columns at any rate.

All announcements and recommendations of candidates for office, whether in the shape of communications or otherwise, will be charged as advertisements.

Payments for transient advertisements must be made in advance. Known parties, or strangers with proper reference, may pay monthly or quarterly, according to contract.

Remittances must be made by Check, Draft, Postal Money Order, Express or in Registered Letter. Only such remittances will be at the risk of the publisher.

Communications, unless they contain important news or discuss briefly and properly subjects of real interest, are not wanted; and, if acceptable in every other way, they will invariably be rejected if the real name of the author is withheld.

Notices of Marriage or Death, Tributes of Respect, Resolutions of Thanks, etc., are charged for as ordinary advertisements, but only half rates when paid for strictly in advance. At this rate 50 cents will pay for a simple announcement of Marriage or Death

Advertisements inserted once a week in Daily will be charged $1.00 per inch for each insertion. Every other day, three-fourths of daily rate. Twice a week, two-thirds of daily rate.

Contract advertisers will not be allowed to exceed their space or advertise anything foreign to their regular business without extra charge at transient rates.

Avertisements kept under the head of "New Advertisements" will be charged fifty per cent. extra.

Advertisements to follow reading matter, or to occupy any special place, will be charged extra according to the position desired.

EARTHQUAKE AND ITS CAUSE.

The Philadelphia Press contained a few days ago an editorial on the cause of earthquakes but it is only interesting in the facts given and leaves the subject involved in as much mystery as before. Our contemporary agrees that as the accounts and records of the great shock on the Pacific Coast are collated they show, as every one knew, that there is almost as little known as to the origin, period and coming of earthquakes as when Pliny wrote 1800 years ago.

The Roman observer knew that the tremor passed like a wave through the surface of the earth ,he knew that it had a given direction, and he knew that certain regions were rife with seismic disturbances. More he could not say, and when this is said all has been said that is known to-day.

Nearly twenty years ago, in 1887 Dr. E. S. Holden, then of the Lick Observatory, now at West Point, published a list of 768 earthquake shocks on the Pacific Coast from 1850 to 1887. Of these, 254 were recorded at San Francisco, or one-third of the whole, and the character of the record, as far as it went, tended to show San Francisco was near the center of disturbance.

The record in the past twenty years has nearly doubled this number; but with some 1,500 or more shocks recorded on the Pacific Coast and various indications which pointed to the Bay of San Francisco as a threatened spot, no path to prediction grew clear, and every one in San Francisco scouted the idea that the city lay in any special peril.

But this is natural and inevitable. Numerous predictions that Galveston lay in the West Indian hurricane track had no weight there. The circumstance that Charleston stood on an ancient "fault" likely to cause tremors or that it was on the line of the "Memphis-Charleston uplift" had no weight with that city.

The Press says:

"Nor is it wise that men anywhere should worry themselves over a stroke of lightning or watch for accident which may never come. The disturbances just before the earthquake, which led to the flood from Tulare Lake, sweeping away dams and irrigation works, may have been premonition of the movement that destroyed the city.

"No one can tell. No one can predict. The utmost that can be said is that the great deep of the ocean near San Francisco, while our Atlantic Coast slopes only seven feet in a mile, bring to the coast tremors that run southwest. The line of extinct volcanoes which run the length of California seem to be the line from which a tremor moves east and west.

"These two waves met in this earthquake. Its shock was felt in Honolulu and across the continent. But nothing gives material for future prediction."

EVIDENCES OF OUR PROSPERITY.

That was an exceedingly important piece of news announced in the Star yesterday morning that the Atlantic Coast Line is to spend $150,000 in establishing new yard facilities at Wilmington. It shows that the Coast Line's business is such that it makes that large expenditure necessary and the further fact that it more permanently fixes the Coast Line in our city. The enterprise of the Coast Line is highly appreciated by the citizens of Wilmington and the improvements are specially gratifying from the fact that it will add greatly to Wilmington's importance as a terminal point.

All the railroads of the South are among the beneficiaries of the tremendous prosperity which the South is experiencing. They contribute very largely to that prosperity and they are called upon to spend millions of dollars to keep up with, if not ahead of, the progress of the country. It was only yesterday that. The Star contained a statement that the Seaboard Air Line has an order out for 2,000 tons of steel rails, and it is inferred that these will be largely used in rebuilding the Carolina Central and construct ing the coal road which it is building from Rutherfordton on the Carolina Central into the coal fields of Tennessee and southwestern Virginia.

The Southern Railway is also spending a mint of money in improvements, and this reference from the Charlotte Chronicle is interesting in this connection:

"The New York Commercial is authority for the statement that before the end of the year the Southern Railway will be in possession of about $11,000,000 worth of new equipment of all classes. This has proved necessary because of the increasing traffic of the road, and for the reason that the territory through which the line runs constantly is increasing its business. However, with this great expenditure it is not certain that the company can adequately care for its tonnage. In the current fiscal year the increase in net earnings for six months was $406,135, or 5 3-4 per cent. over the same period in 1905—the year ends with June 30—and for eight months reported so far the increase in net is $1,045,949. It is thought this increase in new equipment will cause an advance in net eranings of over $1,400,000 per annum. In double track ing its system and in building new depots and making other improvements, the Southern is letting loose in the South a vast amount of money, all of which is helping our country to make the mare go."

COTTON MANUFACTURING IN THE SOUTH.

The Savannah News makes this interesting refernce to the growth of the cottbn manufacturing industry in the South:

"Within the next year, it has been predicted, the official figures will show that the Southern States are manufacturing more cotton than New England. Senator Frazier, of Tennessee, made the statement the other day that during 1905 the Southern mills consumed 2,025,000 bales. Mr. Clay, of Georgia, produced figures to show that in 1904 the Northern (New England) cotton mills consumed 2,046,000 bales. In that year the Southern mills were recorded as consuming 1,889,000 bales. Recent additions to the spindles of the South, it is said, makes it quite certain that the South is no longer second to New England in the volume of cotton made into cloth.

"Practically all this phenomenal growth of the Southern cotton industry has been within the last twenty years. And the most remarkable part of it has taken place since the last official census in 1900, when it was found that in New England there were in operation 12,850,000 spindles spinning cotton, while in the Southern States there were 4,289,000. There has been a steady and healthy growth in the manufacture of cotton in the Southern States, it will be seen by these statements. New England will do well to look to her laurels."

The Boston Commercial Bulletin which is high authority on cotton manufacturing statistics, recently showed that the South actually consumes more cotton than the Northern mills. The difference, it is true, was not very greatly in favor of the South but it was emphasized that the products of the New England mills brings three times as much money as the products of the Southern mills. The Northern mills make finer goods and get more money for them. There is yet a wide field open to the South in the manufacture of the finer grades of goods. Let our manufacturers give some thought to the manufacturing of fine goods as well as the coarse fabrics. We ought to diversify our cotton manufacturing as well as our agriculture.

Vinol builds you up and keeps you up

Vinol

Our delicious Cod Liver preparation without oil.

Better than old-fashioned cod liver oil and emulsions to restore health for

Old people, delicate children, weak run-down persons, and after sickness, colds, coughs, bronchitis and all throat and lung troubles.

CURRENT COMMENT.

—A young man generally goes faster when he is going the wrong way. —Norfolk Ledger-Dispatch.

thing," says Governor Folk, of Missouri. They do, Governor. One of them, at least, is standing for too much.—Washington Post.

—Suppose Mr. Bryan had attacked a Federal judge as Mr. Roosevelt attacked Judge Humphrey. How our Republican friends would have howled.—Norfolk Landmark.

—The Senate would certainly have the laugh on its constitutional lawyers if, after all, the Hepburn Rate bill should be sent back to the House of Representatives unamended. — New York Tribune.

—John L. Sullivan is alleged to have offered Dowie $1,000 a week to appear with him in a vaudeville turn. It is suggested that they would do well as the Havebeen Brothers.—New York Commercial.

—The University of North Carolina ought to treat the University of Virginia with some moderation in these football and baseball contests. It's getting to be a habit.—Norfolk Landmark.

—There are two items in the San Francisco news of brave and encouraging import: Lovers continue to marry, and about as much is asked for corner lots as before the earthquake. —New York Sun.

—The prettiest thing in the world is now filling the land with glory—a dainty shirt-waist, a pretty little sailor hat, a "swishing" skirt, a couple of little low shoes revealing tat little ankles and over all a white parasol. Yum! yum!—Bristol (Va.) Courier.

—The brevity of life, the transitory nature of human greatness, and man's heedless disregard of the dangers which surround him on all sides are graphically pictured in the old hymn:

Lo, on a narrow neck of land
'Twixt two unbounded seas I stand,
Yet how insensible!—Chicago Tribune.

—Rev. I. R. H. Arnold, associate pastor of the Euclid Avenue Baptist church, Cleveland, the home church of John D. Rockefeller, has filed suit for divorce from his wife. He charges her with deserting him to live with a band of colored believers in "holiness" in Chicago. This may or may not be legal cause for divorce in Ohio, but it ought to be. The couple were married in 1867 and have five daughters, all adults—Charlotte Observer.

—Barring the fact that the cup of joy which E. Spencer Blackburn is now quaffing cost something like five thousand dollars, the Congressman must be enjoying unalloyed bliss. He has returned to Washington and there he was enabled to truthfully say that he came, he saw, he conquered. And the most delightful fruits of his victory were the congratulations which his colleagues heaped upon him, these same being crowned with the coveted distinction of being invited to preside over the deliberations of the house for a time.—Greensboro Telegram.

—A good deal has been written about the operations of the Whitney Company, on the Yadkin river, but the public has not yet obtained an adequate idea of the extent of the work The giving of a contract for 25,000,000 brick is only one item, and it is outside the dam and canal work. This company will not only be sending electricity into Charlotte and other towns in the course of two years, but will be operating factories of its own and for other people in what will be the model manufacturing town of the United States, on the banks of the Yadkin.—Charlotte Chronicle.

—Even a stranger can tell that Charlotte is planning for some big event. On all the main streets work is being done. The streets are being, as it were ovehauled. The cement gutters are being cleaned up and the entire business put in good shape. But a man could not remain ignorant of the cause of all this improvement and work on every side, not if he got in hearing distance of anybody for everybody is talking about the great event, the 20th of May celebration. All the committees are busy. The committee on entertainment is making extensive preparations for the accommodation of the vast crowd which will be here on that date. It is estimated that 100,000 persons will attend the celebration and we expect to entertain all of them to the best of our ability—Charlotte News.

TWINKLINGS.

—Mrs. Holt—What excuse have you for coming home in this condition? Holt—You.—Smart Set.

—Young Man—Miss Smith? New Maid—She's engaged. "I know it. I'm what she's engaged to."—Smart Set.

—"A man told me the other day that I looked like you." "Where is he? I would like to punch him." "I killed him."—Life.

—First Night of Unappreciated Play.—He—we are alone? Voice from the Gallery—No. guv'nor, but you will be to-morrow night.—Punch.

—Father—Can you support her in the manner to which she is accustomed? Suitor—Yes, sir; if you will raise an equal amount.—New York Sun.

—"What do you think? That boss politician says he has divorced himself from politics." "Then I'll bet he secured alimony."—Baltimore American.

—He (after the proposal)—You are the only girl I ever loved. She—Good! With your innocence and my experience we'll get along all right.—Chicago News.

—Jenks—How does Slowcome pass his time? Jonks—He doesn't. Jenks—What do you mean? Jonks—Why he lies back in his easy chair, puts his feet upon the mantelpiece and lets time pass him.—Strenuous Life.

—Mistress—Well, why don't you boil the eggs? Sure, I've no clock in the kitchen to go by. Mistress—Why, yes, Bridget, there's a clock in the kitchen . Cook—Phat good is ut? Ut's tin minits fast!—Cleveland Leader.

—"Why did you resign?" they asked the reformer. "I had reason enough," he replied with some warmth. "I went in to reform other people and they actually had the nerve to try to reform me."—Phila-Ledger.

—"I refused this poem not over six months ago," said the editor. "Why do you again submit it?" "I thought that possibly your taste had developed by this time," replied the poet, with a gleam of satisfaction in his eye.—Milwaukee Sentinel.

—Billions, the trust magnate, had come back to his native village and greeted the old 'squire. "Aha!" Billions jovially cried; "I though you said I'd never be rich. You lost out on that prophecy, didn't you?" "I never said you wouldn't be rich," the 'squire retorted, "I said you'd never have any money of your own, and I still say so."—Philadelphia Bulletin.

SPIRITS TURPENTINE

—Mooresville, Mecklenburg county, has voted $10,000 in bonds for a graded school.

—John Hill, a negro hostler in the employ of the Southern Railway, was killed by a locomotive in the shifting yards at Asheville on Wednesday.

—A charter has been granted the Raleigh Press Brick Co., capital stock $10,000, T. T. Hay and others stockholders.

The residence of Mrs. A. S. McIntyre at Mount Olive was destroyed by fire Wednesday afternoon at 4:30 o'clock. Loss $2,000; insurance, $1,000.

—Through Mr. Hugh Chatham, its president, the Chatham Manufacturing Co., of Elkin, has sent to the San Francisco sufferers 100 pairs of very fine blankets it manufactures. The railways transport this gift free to San Francisco.

—Sampson Democrat: Rev. F. N. Skinner, the rector of St. Paul's church, has decided to accept the work offered him in St. John's Parish, Fayatteville. He expects to begin his work there the first Sunday in May but will not remove to that city until later in the month.

—Chief Justice Walter Clark, of Raleigh, will deliver an address Friday evening at Philadelphia before the University of Pennsylvania. His subject will be "Some Defects in the United States Constitution and the Necessity for a Federal Constitutional Convention."

—Duplin Journal: The birds, especially doves, redbirds and sparrows, are doing much damage to the cantalope crop, to say nothing of the regular cantalouqe flea, and our people trust that the Audubon Society will train their taste to other less profitable crops in this section.

—At a special meeting of the Charlotte Central Labor Union, held Tuesday night, all labor organizations of the city being represented, it was unanimously agreed that the locked-out men of High Point shall have moral and financial support. The product of the firms of High Point was also placed on the "We dont patronize list."

—Raleigh News and Observer: The North Carolina Academy of Science will hold its annual meeting for the presentation of scientific papers embodying original research, in Raleigh, May 18th and 19th. A portion of the meeting will be held as a joint meeting with the North Carolina section of the American Chemical Society.

—The Laurinburg Exchange says: A few years ago the planting of melons for the market was an unknown thing in the county. This season there will be planted in Scotland county 500 acres of cantaloupes and 1,000 acres of watermelons—representin from one hundred to one hundred and twenty-five thousand dollars.

—Mount Olive Tribune: The Atlantic Coast Line, through Mr. W. J. Craig, its efficient Rassenger Traffic Manager, has our thanks for an attractive mailing card, giving views of the great strawberry section of Eastern Carolina. It is entitled "The Nation's Garden Spot," and among the four principal shipping centers Mount Olive is named. By this means the Atlantic Coast Line is endeavoring to direct the attention of the outside world to this section.

—Laurinburg Exchange: On Sunday, the 15th, Capt. W. H. McLaurin happened to the misfortune to accidentaly get some very strong acid in his right eye. At first it was not throught he would suffer a great deal from its effects, but inflamation set in and Thursday it became so painful it was thought best that a specialist be consulted, and Capt. McLaurin left Thursday for Wilmington. He returned Saturday, and we are glad to state was very much benefitted.

—Goldsboro Argus: Mr. J. Milford Edgerton, who is in business in this city and also at Genoa, just south of Neuse river, at which latter place he also runs a tannery and makes shoes to order, had on exhibition in the show window of the Goldsooro Shoe Company to-day, a pair of shoes of his manufacture that attracted the marveling attention of all passers, and loomed up like a nightmare above the many other shoes that surrounded them. Their size was 18 1-2 and were made for a man in this county, who does not like for his name to be told.

—Asheville people are gradually and slowly receiving tidings of friends and relatives in San Francisco. Rev. and Mrs. W. H. Pearson, whose daughter, Mrs. Rose Norton, was in San Francisco at the time of the earthquake, and for whose safety there was much uneasiness, have received a message from Mr. Norton stating that he had found Mrs. Norton and that she was all right. L. V. Brown, of the Hardware firm of Brown, Northup & Co., Asheville, has received a letter from his son, Albert Brown, in San Francisco, saying that he is all right and unhurt.

—Wadesboro special, April 25th: The case of the State against Johnson, which was given to the jury Monday afternoon, resulted to-day in a mistrial, 11 members of the jury being for murder in the second degree and one for manslaughter. The jury was brought into court this morning. Judge Shaw asked them how they stood and when told, requested the juror who disagreed to state his reasons for so doing. The juror is a man of high character. He stated to the court that it was a matter of conviction with him and that he did not feel like he could do violence to his own conscience by acceding to the wishes of the balance of the jury.

—Sampson Democrat: D. T. Oates, Esq., of Fayetteville, made the speech here on last Tuesday night on the occasion of the celebration of the anniversary of Odd Fellowship, and it was a gem. He delighted his audience from first to last. Mr. Oates is fully acquainted with the principles and workings of this, one of the grandest and best organizations and he is besides this, a man of fine information on general subjects. He is a Sampson man and we are all proud of him.

—Asheville dispatch, April 25: W. A. and C. H. Rexford have completed the purchase of a large tract of timber land in western North Carolina at the junction of the States of North Carolina, South Carolina and Georgia. The lands purchased total about 50,000 acres, while an option on another 50,000 acres has been secured. W. A. Rexford, one of the purchasers, is now residing in Asheville and intends taking up his residence here. The property purchased is well timbered and lies within about five miles of the road between Seneca and Walhalla. The purchase price is in the neighborhood of $300,000.

—Duplin Journal: The frost of Monday night in this section has done considerable damage to beans and cantaloupes, and to berries, where not covered, but the weather has moderated some tonight (Tuesday) and another light frost will be less serious. Our truckers will treat the February ground hog and the "April moon" with far more consideration in the future, as observation is teaching them that both seriously affect the variable April truck season. Crape vine messages from Sampson report the huckleberry crop dead, and the lovers of huck pies, whether "kivered or unkivered," have been shedding tears—big, blue, sad tears—all day long, but we hope the worst—more than the worst—has been told.

—Salisbury special, April 25th: John Owens, a young farmer of Rowan, was literally cut to pieces this morning by a neighbor. Charles Brady, and is probably dead by this time. Brady made his escape, and although a hunting party immediately went in pursuit, he succeeded in eluding the posse late this afternoon. The plantations of Owens and Brady adjoin, and it was on the land of the former that the tragedy occurred. For some years a feud has existed between the families on account of the line between the two plantations and over the accuracy of which disputes had occurred from time to time. This morning the controversy was renewed between the father of young Brady and Owens.

IT'S YOUR KIDNEYS.

Don't Mistake the Cause of Your Troubles—A Wilmington Citizen Shows How to Cure Them.

Many people never suspect their kidneys, if suffering from a lame, weak or aching back, they think that it is only a muscular weakness; when urinary trouble sets in they think it will soon correct itself. And so it is with all the other symptoms of kidney disorders. That is just where the danger lies. You must cure these troubles or they lead to diabetes or Bright's disease. The best remedy to use is Doan's Kidney Pills. It cures all ills which are caused by weak or diseased kidneys. Wilmington people testify to permanent cures.

E Poezolt, merchant tailor of Eight South Front street, residing at 315 North Sixth street, says: "My wife used Doan's Kidney Pills and in her case they proved to be an effective remedy. She suffered with her ankles and could scarcely get down stairs in the morning. We thought it was rheumatism, and her ankles would be all pulled up every morning so she could hardly hobble around. Since obtaining Doan's Kidney Pills at R. R. Belamy's drug store and taking them she seems like another person. She is better in the morning, the swelling left her ankle and from the great relief she obtained we are only too glad to recommend Doan's Kidney Pills to others."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—DOAN'S—and take no others. .....**

WASHING WITHOUT WATER

Like Trying to Get Rid of Dandruff Without Herpicide.

Did you ever see any one trying to wash themselves without soap or water?

If you did what would you say of him?

It is every bit as foolish to try to get rid of Dandruff and to prevent Baldness by feeding the germs which cause it, with Canthrarides, Vaseline, Glycerine and similar substances which form the principal ingredients of most so-called Hair Vigors.

Newbro's Herpicide is successful because it attacks and kills the parasitic germ which feeds on the hair roots.

It is the original and only genuine scalp germicide manufactured.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

HARDIN'S PHARMACY, Special Agent.

BUILDING PERMITS YESTERDAY.

Number of Them for New Construction and General Repair.

From the office of Building Inspector H. E. Bonitz the following permits were issued yesterday:

W. G. Sale, two-story, slate-roof residence, to contain nine rooms and cost $3,300, on Eighth, between Orange and Ann streets; J. H. Burriss, contractor.

Mrs. Lena Wessell, one-story, shingle-roof dwelling, on Princess, between Eleventh and Twelfth streets; John Padrick, contractor.

Bernice C. Moore, one-story addition to drug store, on Fourth, between Brunswick and Bladen streets.

J. C. Bornemann, one-story dwelling, to contain six rooms and cost $600, at corner of Eleventh and Castle streets; W. J. Spooner, contractor.

E. Warren & Son, alterations to three-story brick store on Front and Market streets, for bakery addition.

Mr. John F. Garrell will begin work in a few days tearing away the old stable building on the Currie property at Second and Princess streets, to make way for a handsome new structure which he will erect there.

STATE PYTHIANS GIVE $500.

Grand Lodge of North Carolina Appropriates for 'Frisco Sufferers.

In addition to the appropriation of $5,000 recently made by the Supreme Lodge, Knights of Pythias, for the San Francisco sufferers and forwarded from this city by Supreme Master of Exchequer T. D. Meares, at the suggestion of Wilmington Pythians, the Grand Lodge for the Domain of North Carolina, has made an appropriation of $500 for the same relief. The suggestion was forwarded to Grand Chancellor A. S. Barnard at Asheville Wednesday, but the message reached him at Danville, Va., where he was visiting, and he promptly telegraphed authority for the appropriation out of the Grand Lodge treasury yesterday. Similar action is being taken by Grand and subordinate lodges all over the country and with the donation by the Supreme Lodge the relief contribution from the great order of Pythians will run up to many thousands.

BUILD IN CAROLINA PLACE.

Mr. R. R. Richardson to Erect Handsome Residence in New Suburb.

Messrs. Cooper & Davis, architects in the Southern Building, have just completed plans and awarded the contract for a handsome residence to be built at a cost of $2,800 for Mr. R. R. Richardson, the insurance man, in Carolina Place. Mr. Richardson recently bought Lots 11 and 12 in Block 26, for $600, and will be the first to begin building in the new and promising suburb. Mr. Richardson has only recently become identified with the city's interest, but he has an abiding confidence in the future of Wilmington and Carolina Place especially.

Honor for Miss Fishblate.

Miss Bessie S. Fishblate, daughter of Mr. and Mrs. S. H. Fishblate, of this city, who is a student at the National Academy of Designs, in New York City, has been requested by the professor of the Academy to place one of her pictures at the exhibition of the Academy before the close of the session which takes place in May. The friends of Miss Fishblate, who is not yet quite fifteen years of age, will be proud of the honor that has come to her in the request for one of her pictures for the exhibition. No doubt, but she will make quite a success as an artist.

Is The Moon Inhabited?

Science has proven that the moon has an atmosphere, which makes life in some form possible on that satellite; but not for human beings, who have a hard enough time on this earth of ours; especially those who don't know that Electric Bitters cure Headache, Billiousness, Malaria, Chills and and Fever, Jaundice, Dyspepsia, Dizziness, Torpid Liver, Kidney complaints, General Debility and Female weaknesses. Unequalled as a general Tonic and Appetizer for weak persons and especially for the aged. It induces sound sleep. Fully guaranteed by R. R. Bellamy, Druggist. Price only 50c. **

PERSONAL PARAGRAPHS.

—Mr. Samuel H. Smith, of Winston, is a guest at The Orton.

—Rev. F. T. Wooten and C. D. Koonce, Esq., of Chadbourn arrived last night.

—Miss Mary Bridgers left yesterday morning for a trip to Philadelphia and New York.

—Mr. N. G. Wade, of Florida, is in the city on a business trip and is a guest at The Orton.

—Mr. E. F. Potts, of the Southern Printers' Supply Company, Washington, D. C., is here calling on the trade.

—Mr. George W. Groves, of Burlington, N. J., is in the city and contemplates opening business here as a contracting plumber.

LOCAL PORT PARAGRAPHS.

News from Along the Water Front—Four Clearances.

The auxiliary yacht Sea Urchin, bound from Florida to New York, put in here yesterday for supplies and reported to Capt. C. D. Maffitt, of the Rudder Station. She expected to proceed last night.

Capt. W. A. Hatsell and Mr. Frank Ramsay arrived yesterday and went down to Southport to take around to Beaufort, N. C., the motor boat belonging to the government and used in connection with the river and harbor work.

There were clearances of four vessels yesterday, three of them light for other ports for cargoes and one lumber laden for New York. The vessels light were the schooners Stanley H. Minor, Capt. Fullerton, for Brunswick, Ga.; the Catherine M. Monahan, Capt. Stanton, for Savannah, Ga., and the John R. Fell, Capt. Dodd, for Georgetown, S. C. The schooner Victor C. Records cleared for New York with 310,000 feet of lumber from the Cape Fear mill.

An order has been made in the U. S. District Court at Charleston for a sale of the water-logged schooner Myrtle Tunnel and its cargo of cross-ties. The News and Courier says of the sale: "No mention of the claims of the libellants in the case is made, it being stated that the vessel, as she now lies, is depreciating in value. The owners of the tugs Protector, of Charleston; McCauley and Paulsen, of Savannah, and Blanche, of Wilmington, N. C., have all filed libels in admiralty against the waterlogged schooner, which, it will be remembered, was towed into this port some weeks ago awash amidships, and drawing some thirty feet. She has been on a bank off the Battery ever since."

Annual Outing To-Day.

The annual excursion given each year by Prof. Washington Catlett, the principal, to the students of Cape Fear Academy will take place to-day and as usual will be a delightful outing at the ruins of St. Philip's church at Old Brunswick. The steamer Lilly will leave her wharf at foot of Market street at 9:15 o'clock, proceeding at once to Old Brunswick where a picnic will be enjoyed, returning to the city in the evening. These outings are always a source of much pleasure to those who are so fortunate to be present and the occasion to-day promises to be fully up to the standard of former years.

New Rotary Shipped.

The Consolidated Company has just received notice that the new rotary recently purchased from the Westinghouse Company has been shipped. This rotary when it arrives will be placed at the power house and one of the rotaries now in use at the power house will be transferred to the substation at Wrightsville. This addition to the equipment is made necessary by the increase in the travel on the suburban line. The now rotary is larger than any of those the company now has.

Mr. C. W. Bidgood Ill.

Friends of C. W. Bidgood, Esq., the well known Atlantic Coast Line attorney of this city, will regret to know that while down town early last evening he suffered a sudden attack of some kind which prostrated him. He was carried home and the family physician quickly summoned. At last accounts, his condition was somewhat improved.

Has Employed Counsel.

The Clarendon Water Works Company has engaged as counsel to defend the suit brought against it by Gaston D. Phares & Co., to recover for property lost by alleged failure of the water pressure, Messrs. Davis & Davis, Bellamy & Bellamy and John D. Bellamy & Son. Indications are that the suit will be hard fought in the Superior Court.

Human Blood Marks.

A tale of horror was told by marks of human blood in the home of J. W. Williams, a well known merchant of Bac, Ky. He writes: "Twenty years ago I had severe hemorrhages of the lungs, and was near death when I began taking Dr. King's New Discovery. It completely cured me and I have remained well ever since." It cures Hemorrhages, Chronic Coughts, Settled Colds and Bronchitis, and is the only known cure for Weak Lungs. Every bottle guaranteed by R. R. Bellamy, Druggist. 50c. and $1.00. Trial bottle free. **

"Your luck" may improve if you watch for chances and openings in the want ad. columns—make these little ads. your favorite literature for awhile. No "bad luck" endures that test for long. **

LOCAL DOTS.

—Rev. L. B. Boney, of Chadbourn, will preach at Southside Baptist church Sunday morning at 11 o'clock and in the evening at 8.

—The parish of St. John's has elected the following delegates to the Diocesan Council in Newbern, viz: Messrs. W. N. Royall, George S. LeGrand, R. H. Scriven and Col. T. C. James.

—Alderman O'Brien in his travels about town yesterday lost a bunch of keys. The finder will please return to him at his home, 309 North Front street.

—Friends in this city will hear with interest an announcement from Georgia that Mr. L. J. G. Morel has married there. However, no direct confirmation of the news has been received.

—For the next three Sunday's all people who buy The Great Philadelphia Sunday Press, will get a fine picture suitable for framing. Many newspaper picture supplements are only cheap chomos. These are not.

—Advertisements for the Sunday Star should be sent in to-day. It is absolutely necessary that the usual rush on Saturdays be avoided in order that our forms may be ready for the press on Sunday mornings at an earlier hour than heretofore.

—The O'Klumphrys defeated the Third Street Sluggers on the Seventeenth and Market baseball diamond yesterday afternoon by a score of 6 to 1. Munds and Rorison were the battery for the Sluggers; Charles Taylor and Billie Lord for the team with the unpronounceable name.

—Justice Bornemann yesterday straightened out a difficutly between Messrs. Joseph Todd and Thad. F. Tyler, the last named having impounded some hogs that broke into his yard from the owners premises adjoining. Judgment was given Mr. Tyler for $1.50. Brooke G. Emple, Esq., appeared for Mr. Tyler.

—In Justice Bornemann's court yesterday Mary Atkinson, colored, was made to give up some clothing of Hattie Green, colored, which she had refused to be allowed moved from a house until the rent was paid. Justice Bornemann held that if it was a board bill, the clothing could be held, but not so in the case of rent.

JAMES C. LORD.

Death is impartial. Leader and follower must yield to its command, and the measure of grief and respect is in proportion to the duties assigned either to commander or rank and file.

Whereas, It having pleased the Grand Worthy President of all, in His infinite wisdom and mercy, to remove from his sphere of usefulness that splendid Eagle and brother, James C. Lord, we, of Carolina Aerie No. 1171, Fraternal Order Eagles in session assembled on the 26th day of April, 1906, express our heartfelt sympathy and sororw upon the overwhelming loss which the Order of Eagles and the family of our beloved brother have sustained

Resolved: That in the death of Brother James C. Lord the Order of Eagles has lost an esteemed member, loved for his companionable nature, his genial disposition and charitable impulses. A man possessing a broad active mind, and a fine mentality whose influence was always for the best interests of the order.

Resolved: That the sympathy of our order is extended to the widow and little one in their bereavement, and that a copy of these resolutions be transmitted to them.

Resolved Further, That these resolutions be spread upon a memorial page in our records as a part of this meeting.

WILLIAM B. SCHULER, Chairman.

LAND SALE.

By virtue of a decree of the Superior Court of Pender county in a special proceeding entitled L. Robitzsch, W. J. Robitzsch and others ex parte, made on the 31st day of March, 1906, the undersigned commissioners appointed in said decree and in pursuance to the power vested in us in said decree, we will on Monday the 7th day of May, 1906, at 12 o'clock, "M." at the Court House door in Burgaw, Pender County, N. C., sell to the highest bidder upon the following terms to-wit: One-half cash, the balance in six months from date, with interest on deferred payment ,title reserved until purchase money paid in full, the following described lands. Lying and being in the County and State above mentioned, near the station on the A. C. L. R. R. called Ashton being the lands belonging to the estate of the late Wm. F. Robitzsch located on the head waters of Kelly Creek and both sides of said Creek beginning at a stake near a bay and runs thence N. 15 E. 364 poles to a pine near the head of a branch, thence S. 75 W. 320 poles to a pine thence S. 15 W. 364 poles to a stake, thence to the beginning, containing about 700 acres. One other tract beginning on the North side of Kelly swamp at the edge of the swamp above the mouth of Ross Branch, a dead pine thence F. 28 E. 28 poles to a small poplar in the edge of Ross Branch, thence S. 76 E. 262 poles to a stake, thence S. 45 W. 182 poles to a pine near the edge of Kelly swamp, thence down with the highlands with the edge of the swamp to the beginning. One other tract: Beginning on the North side Kelly creek swamp where G. F. Roditzsch line crosses at a pine, thence N. 17 E. 68 poles to a pine, thence S. 76 E. 320 poles to a dead pine in a savannah near a bay, thence S. 15 W. 68 poles to a stake, thence S. 76 W. 262 poles to Ross branch, then across Ross branch down the edge of Kelly swamp to the beginning; Excepting from the above descriptions the following lands which have been heretofore sold and conveyed by W. F. Robitzsch. 24 acres conveyed to A. E. Robitzsch by deed recorded in book "G" page 487 record of Pender Co., 35 1-2 acres conveyed to L. Robitzsch by deed recorded in book "E" page 541 record of Pender Co., 38 acres conveyed to H. M. Silover et al. by deed recorded in book "S" page 173 record of Pender county, 80 acres conveyed to Julia E. Jones by deed recorded in book "S," page 398 record of Pender county, to which deeds reference is hereby made for a discription by meets and bounds. There is supposed to be left in the three tracts after taking out the four pieces which have been sold off about 700 acres.

THE SITUATION AT SAN FRANCISCO

Of Population 330,000 Are Homeless and 150,000 Had Their Homes Saved

THREE BANKS HAVE OPENED

Ship Arrived Yesterday Reports Having Been Almost Engulfed by Subterranean Explosion at Sea—Forty-One Dead at Santa Rosa.

By Wire to the Morning Star.

San Francisco, April 26.—What to do with the immense amount of money that has been contributed to the relief of the San Francisco's homeless people was the question that to-day received careful consideration by all those now engaged in relief work. So many inquiries have come to the heads of the various departments, civil and military asking for and by whom the money contributed would be expended that The Associated Press was asked to communicate to the country the assurance that every dollar would be put to the use for which it was intended.

Army Distributes Food.

At noon to-day the distribution of food to the city of San Francisco was formally turned over to the United States army. Under this system many abuses that have prevailed in the giving out of supplies by various local and outside relief organizations acting independently, will be discontinued.

The impression which seems to have prevailed in eastern cities that there was friction over the concentration and distribution of Red Cross supplies was corrected to-day by Dr. Devine, general agent of the Red Cross Society, who repeated his assertion of yesterday that absolute harmony prevailed and that the work was carried on to the entire satisfaction of everybody.

Hospitals Vacated.

The reports from the leading hospitals at the Presidio and at Golden Gate Park to-day showed that the number of patients is fewer than yesterday. The decrease is probably due to the fact that the privilege of free transportation over the railroads to any part of the State expired at noon today and many of the patients who were suffering from minor injuries and complaints left the hospitals in time to take advantage of the generosity of the railroads.

Assistance Arrives.

The steamer Buckman of the Alaska Line, in command of Captain E. B. Wood, arrived here late last night, with volunteer physicians, Red Cross nurses, and a cargo of 2,200 tons of provisions and supplies for the homeless people of this city. The vessel made a record run from Seattle, but encountered off Cape Blanco a terrific sea which crew and passengers believe was caused by a subterranean eruption and which for a time threatened to engulf the staunch ship on its errand of mercy.

The Relief Work.

The relief work has made rapid progress. It is now in the hands of the military authorities and has been perfected and systematized until the feeding and sheltering of the thousands of hungry and homeless people is going to expeditiously. Five hundred teams are hauling supplies to the sixty-odd relief depots to-day. There is still a scarcity of sugar and coffee and an urgent and pressing need for more blankets, cots and tents, owing to the unusual cold nights for this season of the year, which now prevail. With the relaxataion of the military law and the abolishing of passes, permitting people to the city, thousands of curiosity seekers were attracted from across the bay yesterday and to-day hundreds gazed sadly upon the ruins of their homes and dug through the ashes for some treasured momento.

Banks Ready for Business.

"Bankers Row" is being organized on LaGuna street, west of LaFayette square. The Crocker-Wollworth National Bank, the Central Trust Company, and the Mercantile Trust Company already have placed their cotton banners on residences overlooking the tented camps of the refugees in the square. This is bringing together of these that have money (in vaults) and those who need it.

State Troops Still There.

Governor Pardee visited San Francisco to-day and attended a conference of Major General Greeley, Mayor Schmitz, Dr. Devine, of the Red Cross, and members of the Citizen's committee.

Governor Pardee brought up the request of Mayor Schmitz and his committee for the withdrawal of the national guard from San Francisco.

Governor Pardee spoke highly in favor of the National Guard and referred to the splendid service performed in the war with Spain. He said he regarded the request for withdrawal as a reflection on a well organized and highly efficient body of men. The governod said he was indignant over the ernor said he was indignant over the the charges preferred against them. In fact, he was so indignant that he though it best not to make any further remarks.

Mayor Schmitz immediately replied that he and his committee had not made any charges against the Guard. On the contrary they had thanked the Governor for the militia's services. If charges had been made, they were made by outsiders. The object in making the request for the withdrawal of the troops was to concentrate the control of the city in the Federal rtoops and to prevent conflict of orders. The State troops have not yet withdrawn, and the meeting adjourned without any announcement that they would be.

Street Car Service.

There was a long discussion over the advisability of starting a number of electric street railway lines. The committee did not yet feel that all danger of fire from this source was passed and the Mayor finally appointed a committee to investigate and report on this subject.

Captain Payson, of the water committee, made a report on the water supply. He said that a number of the city's most important reservoirs had been destroyed or much damaged and the water pipes were in no condition to meet the demand. There was no storage water for fire purposes and consequently no means of protection against fire if it would break out at this time.

Chairman James D. Phelan, made a statement for the Finance Committee. He said that the plan for the handling of the relief fund as outlined in President Roosevelt's proclamation of Wednesday was perfectly satisfactory to the Finance Committee. He stated that the idea was to centralize the control of the fund in one body.

The Relief Stations.

General Greeley announced at noon to-day that the army had taken over control of the relief stations for the distribution of food. Distribution will be under a system devised by Dr. Devine, the special agent of the Red Cross Society, sent here by President Roosevelt. General Greeley said that waste and "repeating" under the new system of distribution would not occur.

Golonel George Torney, who is in immediate command of sanitation, announced that the situation was encouraging. Every precaution had been taken in the city parks, where tens of thousands of people were finding shelter. The control of the city parks had been transferred to the City Board of Health and Colonel Torney said that the daily reports of Dr. James W. Ward, health officer, were favorable.

If a suggestion made by Colonel Torney is adopted, a camp for Chinese will be established on the golf links of the Presidio, controlled by the army. Colonel Torney said the Chinese, confident of the ability of the Federal government to give them the fullest protection, had expressed their willingness to camp there. The final disposition of these people could then made as the city saw fit.

WAS WOMAN'S JEALOUS DEED.

Mrs. Ramsey Held for Chopping Off Another Woman's Head.

By Wire to The Morning Star.

Briston, Tenn., April 26.—The second day's investigation of the murder of Mrs. Mollie Glover, who was found dead in her bed with her head split open and almost chopped from the body on Tuesday night, resulted in the arrest of Mrs. Jamie Ramsey who admitted before the coroner's jury of having relations with Sylvester Luttrell in whose house the murder was committed, and who was arrested on suspicious of the crime. Witness testified that Mrs. Ramsey had just previously declared her intention of killing Mrs. Glover, through jealousy for Luttrell, and upon this evidence she was arrested and is now in jail.

The coroner's jury is still in session and hearing testimony of various witnesses, and as yet no direct light has been shed on the bloodiest murder in Bristol's history. The police lean strongly to the opinion that the murder was committed by a woman, through jealousy. Luttrell is still held.

ASSOCIATED PRESS GRATEFUL.

Splendid Work of Editors and Operators During Frisco Earthquake.

By Wire to The Morning Star.

New York, April 26, 1906.

I desire to make formal acknowledgement of the splendid services rendered by every one in connection with the San Francisco disaster. Naturally and properly first praise belongs to the men in San Francisco, including not only the staff of editors, telegraph operators and other employes, but the relief men from Los Angeles and Portland who assisted in San Francisco and Oakland. But the event has called for exceptional work in almost every city in the country. It has been a period of long hours and ceasless vigilance for which almost every man in the service deserves special recognition and thanks.

MELVILLE E. STONE,
General Manager Associated Press.

COLLISION NEAR COLUMBIA.

One Lady Got Arm Broken and Another Was Injured.

By Wire to the Morning Star.

Columbia, S. C., April 26.—Apollo Commandery, Knights Templar, of Troy, N. Y., arrived in this city today on a special train on their pilgrimage through the South, after several hours delay, caused by a collision with some freight cars at Swansea, 21 miles from this city. Mrs. Joseph T. Baynes, of Troy, N. Y., had her arm broken and the wife of General James H. Lloyd, also of Troy, suffered from the shock.

The visitors were welcomed by Governor D. C. Heyward, after which they were given a typical Southern barbecue by Columbia Commandery. The party left for Richmond tonight.

STRENUOUS DAY FOR VETERANS

(Continued From Page Eight.)

Richmond, that the unveiling would take place at that time.

Colonel Bennett H. Young, of Louisville, seconded the nomination and General Cabell for the trans-Mississippi Department, General George P. Harrison, of Alabama, presented the claims of Alabama, urging that the re-union come to Birmingham. Governor J. E. Johnson, of Alabama, also made an energetic speech in behalf of Birmingham. General Carwile, of South Carolina, seconded the nomination of Richmond, and Chaplain General Jones extended his personal invitation for the holding of the next reunion in Richmond.

General Harrison, of Alabama, who had spoken for Birmingham, seeing that the delegates were strongly in favor of Richmond, withdrew the candidacy of Birmingham and Richmond was selected with a roar of cheers.

The following resolutions were presented by the committee on resolutions and adopted:

"That any camp which has failed to pay its per capita tax for five years may have its charter suspended after due notice has been given.

"That all camps be urged to use every effort to raise funds for the monument to Confederate women.

"That the action of the Grand Camp of Confederate eVterans in the Department of Virginia in attempting to preserve the earthworks in and around Petersburg be endorsed."

The adoption of the resolutions closed the work of the convention and an adjournment was taken.

Afternoon Session.

The afternoon session was brief, business being pushed through with the utmost despatch. The committee on resolutions presented a supplemental report, declaring in favor of a recommendation to the several Southern States that pensions be paid by each State to slaves who followed their masters to the war.

Some years ago a resolution was passed at a re-union declaring in favor of a provision for the presentation of medals to the man who showed the greatest courage in any battle in which the Confederate troops were engaged. The resolution has been neglected heretofore but today it was resurrected and it was decided that it shall be put into effect at once. It was also provided in the resolution passed this afternoon, that if the soldier entitled to the medal is dead and his heirs cannot be located, the medal shall be presented to the Battle Abbey to be erected later at Richmond.

The next business was the election of officers for the ensuing year, and all the present officers were re-elected by acclamation.

Gneral S. D. Lee, the commander-in-chief, General W. L. Cabell, the commander of the trans-Mississippi Department and General Walker, commander of the Department of Northern Virginia, made brief speeches of thanks for the honor bestowed upon them.

Letters regretting inability to the present were received from Mrs. Jefferson Davis, Mrs. T. J. Jackson, Mrs. George E. Pickett, Gen .S. B. Buckner, Gen. Marcus J. Wright and Gen. Basil W. Duke. Mrs. John H. Reagan, wife of the last surviving member of the cabinet of President Davis, was presented to the convention and heartily cheered

BATTLESHIP TEXAS.

Narrow Escape of Big Fighter on Her Way North.

By Wire to The Morning Star.

Boston, April 26.—The battleship Texas arrived here today after a dangerous experience in a storm on her way from Charleston, S. C., to this port, to which she was ordered for permanent repairs on account of an accident sustained while blowing up a derelict off the Florida coast. The battleship has a hole in bow as a result of striking a part of the wrecked derelict. This was patched at Charleston, so that the vessel could sail for Boston, but the temporary repair work was weakened during a gale on the way up the coast and a great volume of water poured into the berth deck of the battleship.

Seaboard Train Late.

On acocunt of some accident between Laurel Hill and Laurinburg, the Seaboard Air Line train due here last midnight did not reach the city until after 4 o'clock this morning.

Easter Trade.

We want to thank the generous public for their liberal patronage through the Easter week.

Our business is even a surprise to us. Last year we did very, very well and we thought then it would be a hard matter to break that record, but looking over and figuring up the sales the year past, 1905, and coming it with the Easter week of 1906, we find we are 33 1-3 per cent. better which is a most remarkable increase. We have tried hard to please the many customers we have had and I want to say that if we have caused any one any uneasiness or delay in getting their goods, it is not our fault. It was simply our inability to secure sufficient good help to do the work in the given space of time.

You remember, we trim hats free, work ten milliners with work piled on each side of each one of them, all free to our customers.

To buy your hats from Gaylord is a saving to you.

We sell you the material cheaper than others and trim your hats for nothing. If our work room is not large enough, we can tear down the walsl and build it larger. We want r busines for Monday morning. We wil have a quantity of new hats, new ribbons, new owers and a full line of colors in malines and chiffons.

Those who have not gotten their hats for 7aster can be suited to-day, even better than last week. You will have more time to make your selection and we feel positively sure we can please you.

Men's and Boys' Clothing: We have placed on sale to-day the greatest selection of Boys' washable clothing from 2 to 10 years old, probably ever shown in the city.

These little boys' suits are well made, trimmed up nicely; have all the appearance of store made clothes, but a certain air that home made clothes do not have, little extra pockets and the price of these suits are much cheaper than you can have them made for. Get a Boys' Washable Suit at 45c, 50c, 75c, $1.00 and on up to $2.50 a suit.

A splendid selection of Men's and Boys' straw hats, as many as 3,000 pairs of men's and boys' odd pants and men's suits with all the latest fads and styles, coats of the Fifth Avenue cut. In fact, anything in men's and boys' clothing for which you can ask.

Men's White Duck Pants from 75c to $1.50 a pair, waiters and barbers white coats from 75c to $2.00 each.

Men's new neckwear in fashionable colors and styles, for 25c to 50c each.

A new shipment of new collars of the newest styles, elastic seam drawers for men, nice quality, the best values at 45c. In fact our clothing stock is complete. This is a large store and well filled with bargains for you.

We are sole agents for the Head Light Overalls, the best overall made.

....We also carry a full line of suit cases, grips and telescopes in our cloth ing department and a big stock of gent's furnishings of every grade and kind.

....Let us thank you again for your liberal Easter trade and remember we appreciate all yau give us by purchasing your card and give you presents freem.

The place is well known, Gaylord's Big Department Store on Front Stret.

SAN FRANCISCO AND ITS RUIN

Financial Effect Will Be Widely Distributed—Rebuilding of City Will Stimulate Industry—Insurance.

(New York Journal of Commerce.)

The large destruction of values in fixed capital by war or such a disaster as has occurred in San Francisco, and the absorption of floating capital in repairing the damage, must necessarily have a widespread financial effect; but the very fact that it is widespread will serve to mitigate its force. Material interests have become so closely knit together over a wide area extending even beyond the limits of any one country, that the burden of loss and the task of recovery, which would crush the community directly afflicted, are borne by a vast constituency whose interests are more or less implicated with its own in the network of modern industry and commerce. This involves a wide "community of interest," a policy of "help one another," which is the necessary result of a complication of individual self-interests.

It will take time to supply the place of capital destroyed, and until the energies of production feel the impulse capital for the purpose will have to be drawn from other uses. The insurance money that is sent into San Francisco will have to be realized mainly from disposing of assets of the companies in this country and abroad and depleting their reserves. This will affect the market for seeuritier and the interests bound up with it. Money borrowed for the work of repairing the devastation, for constructing new buildings, supplying equipment, for reviving business and that invested from the outside, with a view to future results, will in like manner be withdrawn from other uses and investments, for there is little idle or waiting capital to be had. All this cannot fail to have a disturbing effect, but it will be so widely diffused that it will be seriously felt only at points of concentration. In the process of collection and transfer of capital, to be gathered up over a wide area and bestowed upon the work of rehabilitation at one spot, the normal currents of exchange will be considerably deranged and financial adjustments will be materially affected for a time. The process of readjustment will go on with diminishing effect upon those interests called upon to contribute to it until a normal condition is established again.

There is no question that destruction is loss, which is not diminished in volume by being widely distributed through the complex arrangements of modern finance, but its effect upon any particular community or interest is greatly mitigated by this distribution. When the work of restoration begins another set of forces is put in motion, and they are likely to begin promptly. There will be a call for material and labor, as well as for capital, and this will not have to draw exclusively upon that which has already been produced, but will stimulate new production. The demand will affect prices and wages, and the supply of materials and labor for others than those immediately concerned, on account of the exceptional draft upon available resources. Until the supply called for can be furnished and its place taken by new forces of production the disturbing effect will be felt, but in time the adjustment here will also be accomplished.

There is one element that enters into this process of repairing losses due to destruction of property and absorption of capital by war or calamity that is apt to be overlooked or underestimated. The two great factors in production, whatever is done with its fruits, are the resources of nature, from which all value is derived, and the energy and industry of man by which they are turned to account. The resources are a treasure house ready to be drawn upon according to need, and the energy and industry are never exerted to their fullest capacity. Much depends upon motive and incentive to increase productive activity, and that which is devoted to the repairing of losses and creating of new facilities is not necessarily taken from that necessary to provide for current wants. It is the aded force of stimulated energy and industry that makes the recovery from war and disaster sometimes appear to be marvelously rapid. It is not because the power to produce is suddenly increased, but because it is aroused to greater activity and capacity for production. Sometimes a great war has been the cause of notable economical progress from this very effect of arousing spirit and stimulating energy, thus dispelling "the cankers of a calm world and a long peace."

HIDES—Dry salted, 12c.; green, 8c per pound.

PORK—Dull, 6 to 7; hams, 8 to 10.

THE COTTON MARKETS.

New York, April 26.—The cotton market recovered part of its recent loss during today's trading, largely as a result of covering by nearby shorts in preparation for notice day tomorrow. The close was very steady at a net advance of 5 to 17 points. Sales for the day were estimated at 250,000 bales. The opening was steady at an advance of 1 to 4 points in response to steady cables. But Wall street was weak and unsettled early, the weather map made a good showing on the average, there was so sign of bull support and the market soon eased off under local bear pressure and a little scattering liquidation. Declining to within a point or two of the low level of the previous day, the market was rallied later in the session by reports of firm spot conditions in the South and private wires saying that notices representing about 1,500 bales were being stopped in New Orleans. The May long interest in the local market seemed to be maintaining its position on the eve of notice day, making it seem certain that notices here tomorrow will be stopped and in the late trading there was quite a little covering by shorts as well as buying by one or two spot interests. The close was within 2 or 3 points of the top.

Receipts at the ports today were 7,859 bales against 12,801 last week and 24,413 last year. For the week estimated 95,000 bales against 97,569 last week and 161,977 last year. Today's receipts at New Orleans 1,445 bales against 4,216 last year and at Houston 1,118 bales against 3,015 last year.

Spot cotton closed quiet, 10 advance. Middling uplands, 11.75; middling gulf, 12.00; sales 2,848 bales.

Futures opened steady and closed very steady. Quotations:

Opening—May, 10.95; June, 10.86; July, 10.88; August, 10.72; September, 10.48; October, 10.38; December, 10.39; January, 10.41 bid.

Closing—April, 11.06; May, 11.09; June, 10.95; July, 10.94; August, 10.80; September, 10.50; October, 10.42; November, 10.41; December, 10.43; January 10.47; February, 10.50; March, 10.53.

Port Movements.

Galveston—Steady, 11 5-16c.; net receipts, 2,277 bales.

CHICAGO PRODUCE MARKET

Chicago, April 26.—Official prediction of rain to be followed by cooler weather in Kansas caused weakness in the local wheat market today. At the close wheat for July delivery was off 1-8@1-4c. Corn was down 3-8. Oats were 1-8c lower. Provisions showed a loss of 2 1-2 to 12 1-2.

The leading futures ranged as follows:

	Open.	High	Low	Close.
Wheat, No. 2.—				
May 80	80½	79½	79⅞
July 79¼	79½	78¾	79¼
Sept 78	78¼	77¾	78
Corn, No. 2.—				
May 76⅞	47	46½	46¾
July 46	46⅛	45¾	45¾
Sept 46¼	46⅜	46⅛	46⅛
Oats, No. 2.—				
May 32½	32⅝	32⅜	32½
July 31	31¼	30⅞	30⅞
Sept 29	29⅛	28¾	28⅞
Mess Pork, per bbl.—				
May .15.72½	15.72½	15.60	15.60
July .15.97½	16.00	15.82½	15.85
Sep .15.95	15.95	15.82½	15.82½
Lard, per 100 lbs.—				
May .. 8.62½	8.65	8.57½	8.57½
July ..8.77½	8.80	8.70	8.70
Sep ..8.87½	8.92½	8.82½	8.85
Short Ribs, per 100 lbs.—				
May ..8.55	8.57½	8.52½	8.52½
July ..8.70	8.72½	8.65	8.65
Sep ..8.77½	8.77½	8.70	8.70

Cash quotations were as follows:

Flour, steady; No. 2 spring wheat, 79½@82; No. 3 spring wheat, 76@81; No. 2 red, 88½@90⅞; No. 2 corn, 47¾; No. 2 yellow, 48; No. 2 oats, 32½, No. 2 white, 33¾@34; No. 3 white, 32 @33; No. 2 rye, 60; Mess pork, per bbl., 15.60@15.65; Lard, per 100 lbs., 8.60; Short ribs sides (loose), 8.50@8.60; Short clear sides (boxed), 8.95@9.05; Whiskey basis of high wines, 1.28.

COTTON SEED OIL—Less active to day but prices held steady at the recent advance. Prime crude f. o. b. mills, 30 1-2; prime Summer yellow, 37 1-2@38; prime white, 39 1-2@40; prime winter yellow, 39 1-2@40.

NAVAL STORES.

New York, April 26.—Turpentine and rosin firm.

Charleston, April 26.—Turpentine and rosin nothing doing.

Savannah, April 26.—Holiday in naval stores. (Confederate Memorial Day.)

DRY GOODS MARKET.

New York, April 26.—The drygoods market today was steady and quiet. Shipments of goods to the Pacific coast were quite large, many resident buyers having already received orders for duplications of all lines destroyed by the fire in San Francisco. Jobbing houses did a fair trade.

If you employ people it is important for you to read the "situations wanted" ads. every day—even if you rarely change or add to your force. **

GUION & DAVIS.

"Let the GOLD DUST TWINS do your work"

The Power Behind the Home

is the GOLD DUST TWINS.

Wash-day troubles will vanish like dew before the morning sun if you use GOLD DUST.

"Clothes on the line in half the time," is the motto of the GOLD DUST TWINS.

The old way of rubbing and scrubbing clothes did well enough until GOLD DUST was discovered. It was possible to get the clothes almost clean, but think of the labor involved!

GOLD DUST

will do better work, and do it in half the time. There is no soap, washing powder or cleanser that will take its place.

If you would avoid frenzied house-cleaning let the GOLD DUST TWINS do your work.

What GOLD DUST will do for you

Wash Clothes, Blankets, Linens Etc.
Scrub Floors, Woodwork, Counter Shelving and Mantels.
Clean Oil Cloth.
Clean and Remove Stains from Carpets.
Clean Windows.
Clean Picture Frames and Glass.
Wash Brushes and Combs.
Clean Straw Hats.
Wash Dress Shields.
Clean Feather Pillows.
Wash Dishes, Crockery, Glassware, Lamps and Chimneys.
Clean Pots and Pans.
Clean Silverware, Zinc, Metal Work, Bronze and Bric-a-brac.
Wash and Sterilize Milk Cans and dairy utensils.
Make Hard Water Soft.
Make the Finest Soft Soap.
Wash Brooms.
Clean Bathroom, Tubs, Pipes, Etc.
Remove Fruit Stains.
Make an Emulsion for Plants and Trees.

No soap, borax, soda, ammonia, naphtha, kerosene or foreign ingredient needed with GOLD DUST. It will do all the work without assistance.

STRENUOUS DAY FOR VETERANS

Rennion of Confederates at New Orleans Had Busy Sessions Yesterday

NEXT REUNION IN RICHMOND

Jeff Davis Monument Will Be Unveiled Next Year—Pensions for Faithful Slaves Who Fololwed Their Masters To War.

By Wire to The Morning Star.

New Orleans, April 26.—The formal business of the sixteenth annual reunion of the United Confederate Veterans came to a close this afternoon. One day of the re-union proper is left and that will be devoted to the parade of the veterans.

Richmond, Va., was selected for the place for holding the next reunion, the choice being made by acclamation. The only competitor of Richmond was Birmingham, Ala., but the sentiment in favor of Richmond was so strong that the advocates of Birmingham did not allo wthe matter to come to a vote and withdrew in favor of Richmond before a roll call was ordered. The fact that the monument of Jefferson Davis is to be unveiled in Richmond next year was a potent influence with many of the old soldiers.

The present officers of the organization were re-elected by acclamation, there being no nominations made against any of them.

The re-union, viewed from a business standpoint, was uneventful. The chief new measures of importance to be adopted were one which will recommend to the different States that pensions be paid to slaves now living, who followed their masters to the war, and one which declares in favor of the setting apart of one day in behalf of the Confederate dead.

The day closed with a great ball in honor of the visiting veterans, which was held tonight in the Auditorium. The parade tomorrow is expected to be the feature of the re-union. The column is to start at 11 o'clock from the corner of Canal and St. Charles streets, pass along St. Charles street. to Lee Circle, three fourths of a miles distant, around the circle and back on Camp street to Canal, where it will reviewed by General Lee, making a total march of one and a half miles. A number of brilliant features have been aranged for the parade of which the massing of over a thousand children at Lee Circle in snch manner as to form a Confederate flag, will be one of the most striking. It is believed that, including the veterans and all other organizations in line, there wil be about 10,000 men in the parade.

Morning Session.

New Orleans, April 26.—With the exception of the time consumed by the presentation to General W. L. Cabell of a gold medal by the veterans of Arkansas, the second day of the Confederate re-union was in its opening hours devoted strictly to business, the reports of the committees on credentials, the Battle Abbey and his torical committee being received and approved.

The report of the committee on credentials which was adopted gave the total number of camps represented as 775 and the aggregate of votes 2,315.

The votes by States were as follows:

Alabama 171; Arkansas 139; District of Columbia, 7; Florida, 80; Georgia 199, Illinois 2; Kentucky 126; Louisiana 170; Indian Territory 49; Maryland 111; Mississippi 196; Missouri 78; North Carolina 115; Ohio 2; Oklahoma 24; South Carolina 136; Tennessee 18; Northwest Division 31; Virginia 113; Texas 447; West Virginia 20; Pacific division.

Following the adoption of the report of the committee on credentials, the veterans of Arkansas presented a written address to General Cabell and passed over to General S. D. Lee, the beautiful medal intended for General Cabell. General Lee added to the address of the veterans a few eloquent words of his own and then pinned the medal upon the breast of General Cabell. The latter struggling with his emotions was about to reply when a beautiful young lady, Miss Alice W. Park, of Texas, presented him with a huge bunch of roses which completed his discomfiture. He closed his speech of thanks with the assertion that he would not accept for his share in the Civil War "a lump of gold as large as Texas with a diamond in it as large as Arkansas."

The report of the Confederate Memorial Association upon the Battle Abbey was presented. It declared in effect that the situation had not changed since the last re-union. Because of the great confusion in the hall, Chaplain Jones who had undertaken to read the report, was compelled to abandon his task and the report, after being adopted, was ordered printed.

General Clement A. Evans, of Georgia, presented the report of the historical committee, and taking warning by the fate of Chaplain General Jones, said that he would not attempt to read the report, but would file it with the officers of the re-union and he asked that his action be approved and his report accepted. His wish was adopted by the convention. General Evans prefaced his report proper by a few words relative to the material prosperity of the nation at large and the South in particular. He then said:

"The reputation of the people of the South is so dear to themselves that they insist upon a fair portraiture in history. The true story of the people who formed the Confederacy and fought its battles is of more value to the future citizens of the South than all the property lost in that struggle. It is truly gratifying to ourselves as Confederate soldiers that the great interests dependent on accurate history and pure literature have not been neglected during the general commercial advance. This fair field is more pleasing to contemplate because it is becoming cleared of such noxious weeds and throes as unpatriotic suppressions, sectional expenssions, ungenerous treatment of illustrious men and other stimulants of hatred. In the main the writers of all literature which specially concerns the events of Confederate times have become more sincere, less partisan, and more national. The increase of books relating to the South has been remarkable and in the general tone of the new issue there is a decided abandonment of the former sectional rancor and unfair treatment. The one great principle, however, which must be sacredly regarded by all writers is that the essential truths of United States history are the rightful common property of all the people of our country. The artful suppression of important historical truth must be construed as an intentional creation of false impressions. It is a criminal hiding of a piece of common property and therefore this body of Confederate soldiers has uniformly and earnestly insisted on fullness, fairness and facts in the history of our common government.

"It will also be borne in mind that in the course of these reports and special papers submitted to the consideration of United Confederates, we have condemned with special emphasis the unfairness of those school books which treat Southern questions in a sectional spirit and we are still in earnest in driving all such books out of the schools. Why should Northern boys and Southern boys be taught any known untruth as a part of their country's history? Why should not both be taught to respect each other and thus lay a foundation in the schools for the subsequent relation which will come in manhood? Why should there be education in prejudice rather than in patriotism?"

The next business on the programme was the selection of a place for the next re-union. Mayor McCarthy, of Richmond, Va., presented the claims of that city and the loud cheers that greeted him, together with cries of "Richmond," "Richmond," that came from all parts of the hall clearly foreshadowed the result. When the mayor concluded there were loud cries "Question," "Question," the disposition of the re-union being to vote before any other invitations had been extended.

J. R. Stratton, of Richmond, seconded the invitation of Mayor McCarthy, and General Lee presented Mrs. Holmes, of Richmond, the president of the Jefferson Davis Monument Association, who told of the final completion of the work of collecting the necessary funds for the erection of the monument. She promised that if the re-union would come next year to

THE MILL MEN IN ASHEVILLE

American Cotton Manufacturers Association to Meet There May 16 and 17—Many Distinguished Speakers.

By Wire to The Morning Star.

Charlotte, N. C., April 26.—The American Cotton anufacturers' Association will hold its tenth annual convention at Asheville, N. C., May 16 and 17. It is stated that an unusually large attendance is expected. Secretary C. B. Bryant, of this city, tonight gave out the programme of the meeting. It includes the following:

Meeting called to order at 10 A. M. by President R. M. Miller, Jr.; address of welcome by Governor Glenn and Mayor Bernard; reply by T. H. Rennie of Graniteville, S. C.; annual address by the president; address by Senator Henry Cabot Lodge; address by Charles K. Oliver, Baltimore; address by Colonel Henry G. Hester, secretary New Orleans Cotton Exchange; address "The Evils to the Trale of the Present System of Government Cotton Crop Reports," by W. J. Neal, president Southwestern Cotton Buyers Association; address "The Future Supply of American Cotton and Better Baling of the Same,' by J. A. Taylor, president National Ginners' Association; address "Relation of the Cotton Industry to Southern oCtton Development," E. D. Smith, national organizer of the Southern Cotton Association.

At the night session, which begins at 8:30, there will be an address on proper accounting methods by W. F. LaFreitz, of New York. The remainder of the night session and the next morning's session will be taken up with a number of addresses on technical subjects.

SPOONER SPEAKS ON HEPBURN BILL

Wisconsin Senator Held Floor For Three Hours and Hasn't Finished Speech

REPLIED TO SENATOR BAILEY

Objected to Curtailing Jurisdiction of Courts—Campaign Thunder Manufactured in House, With Protection and Tariff Revision.

By Wire to The Morning Star.

Washington, April 26.—In the Senate today Mr. Spooner spoke for three hours on the railroad rate question and then gave notice that he would continue his remarks tomorrow. He addressed himself especially to Mr. Bailey's amendment taking from the inferior Federal courts the right to enjoin against the execution of the orders of the Inter-State Commerce Commission, contending that such an exercise of power would be the first step toward the destruction of the power of the judiciary and result in an undesirable blending of the co-ordinate branches of government. He also discussed at length the distinction between "jurisdiction" and "judicial power." The address was technical and consistel largely of quotations from legal decisions. The Wisconsin Senator referred to a case in which the Attorney General had criticised a judicial decision and had been replied to by the court.

Mr. Bailey suggested that "interesting as this episode had been it was not as interesting as a more recent episode," referring to the President's criticism of Judge Humphrey in the beef packing cases. "Has Judge Humphrey gone back on the bench to respond to the criticism of himself?" asked the Texas Senator.

"Has the Senator jurisdiction to ask that question?" queeried Mr. Spooner, and Senator Bailey replying said that he had not, but that he had "judicial power to do so."

The bill making an appropriation of $300,000 for the employment of extra labor at the Mare Island (California) navy yard was passed.

The House.

Washington, April 26.—The agricultural appropriation bill again furnished the theme for discussion in the House today, although but few references were made to the subject matter of the bill.

Under the latitude of general debate the leaders on the Republican side began "medicine making" for the approaching Congressional campaign, Mr Hepburn, of Iowa, predicting that tariff revision and protection would furnish the main issue of the campaign.

Mr. Boutell, of Illinois, replied to the "watch trust" speech of Mr. Rainey, of Illinois, while Mr. Sulzer, of New York, talked on the American merchant marine and Mr. Sims, of Tennessee, on free rural delivery boxes.

Mr. Sims inveighed against the Post office Department's compelling the farmers of the United States to purchase "trust made rural free delivery boxes" instead of permitting the farmer to make his own rural box.

Mr. Hepburn took up the charge made by Mr. Rainey, of Illinois, that steel rails made in the United States were sold cheaper abroad than in this country and challenged him to furnish the proof.

Mr. Rainey was instantly on his feet, asserting that James J. Hill, president of the Northern Pacific, had testified to the fact before a Senate sub-committee investigating the subject of trusts several years ago.

Mr. Rainey was instantly on his fet, asserting that James J. Hill, president of the Northern Pacific, had testified to the fact before a Senate subcommittee investigating the subject of trusts several years ago.

Mr. Williams, of Mississippi, said that the late Daniel Lamont had told him the same thing in so many words and he was authorized then to use his name and he would produce the evidence in due season.

"I challenge its truth," heatedly replied Mr. Hepburn. 'It's a bold, baseless charge; it's very audacity lending color to it."

Mr. Hepburn said that the Democratic party has now a triple headed leadership, "Bryan, Hearst & Co."

'No we have Roosevelt with us," yelled Mr. Gaines, of Tennessee, amid applause from the Democratic side.

Mr. Gaines, of Tennessee, said that the Republican Congress could easily vote $2,500,000 of the hard taxed money of the people out of the treasury for suffering San Francisco but refused to say a word toward giving them relief in the way of removing the tariff on structural iron.

Devil's Island Torture

Is no worse than the terrible case of Piles that afflicted me 10 years. Then I was advised to apply Bucklen's Arnica Salve, and less than a box permanently cured me, writes L. S. Napier, of Rugles, Ky. Heals all wounds, Burns and Sores like magic. 25c. at R. R. Bellamy's, druggist. **

Wanted, two girls who have had some experience in feeding job presses run by electric power, may secure employment by applying at the Star Office. Good references required. **

MEXICANS SEIZE FISHING SMACK

Pretty Government Row Likely to Follow an Incident on the Gulf Coast Yesterday.

By Wire to The Morning Star.

Galveston, Tex., April 26—Captain Munn, president of the Gulf Fisheries Company, received a cablegram today stating that the fishing smack Lizzie B. Adams, of the Gulf Fisheries fleet had been captured by a Mexican gunboat off the Campeche banks. The boat was taken as was several others in connection with the controversy of the fishing right of the Campeche banks. Captain Munn stated that he could not say what action would be taken until he received further data. He also stated that the Gulf Fisheries fleet usaully anchored sixty miles off the Mexican coast and that the Lizzie B. Adams was in that position when taken in tow by the Mexican gunboat.

Washington, April 25.—All of the information received by the State Department relative to the seizures of American fishing vessels by Mexican officers was contained in a telegram submitted to the Department today by Senator Maloiry, of Florida. It stated briefly that it was reported in Pensacola that the smack Sterns of that port had been seized off the coast of Yucatan by Mexican officers on a charge of violation of the fishing laws.

The State Department forwarded this dispatch to the American ambassador at the City of Mexico with instructions to make an investigation into the seizure and to use his good offices in the case.

The issue is new as to Mexico and its merits are not known here but its merits are not known here, but it is supposed to resemble the Nicaraguan claim to exclusive jurisdiction to the Cays or Sand Islands lying outside of the three-mile limit on the coast upon which British Jamiacan subjects have been capturing sea turtles, thus involving the two countries in a tangle.

NOTICE.

To the Democratic Voters of the Several Wards and Townships:

The Democratic voters of the several wards in the City of Wilmington and in the several townships of New Hanover County are requested to meet on Tuesday the 8th day of May, 1906, in their respective wards and townships to elect delegates to the County Convention to be held at 12 o'clock M. on the 15th day of May, 1906, at the Court House in the City of Wilmington for the purpose of electing delegates to the State, Congressional, Judicial, and Senatorial Conventions.

The voters of the several wards and townships for the election of delegates will meet at such place and hour as the Chairmen of the Executive Committee of the several wards and townships shall designate.

Each township and ward shall elect a number of delegates to the County Convention as they may be entitled to under the Democratic plan of organization.

J. H. BURRISS,
Chairman Executive Committee.
New Hanover County.
